P.O. Box 487
San Jacinto, CA 92581

Dear Mr. Vallejos,

We are so grateful for your generous contribution of laptops to our school. As the principal, I usually write the thank you letters to our donors. However, I think it is important for students to extend their gratitude as well. I am enclosing letters from some of our middle school students who use the laptops you've given us.

As you may know, we have a number of Native American students at our school, and a few are from the Soboba tribe. They are extremely proud to know that the Native American tribes are such a big part of our school's success.

Thank you again and I hope you enjoy the students' letters.

Sincerely,

Carol Robilotta

Dear Soboba Band of Luiseño Indians,

Thank you for the laptops. We will use them for many things in the classroom like doing research for our country we are making. Also, they can help us get farther on ST Math, a computer program to help us learn math. It could also help by having to not to go to the computer lab or the library as much. Thank you again for the laptops.

Sincerely,

Miles McKinzie

Dear Soboba Indians,

Thank you for the laptops. They will be used for many subjects in class. Our class will use them for research and to work really hard on our Power Point and our documents, like what I'm doing right now to write this letter to you. Thank you so much for giving us the laptops; we really appreciate them and thank you very much.

Sincerely,

ROCKY SANCHEZ

Dear the Soboba Indian Tribe,

I wanted to sincerely thank you for the laptops that you donated to our school. We need to research many things about our new country project, which we are making. It's been hard to get to our computer lab so this will definitely help us with all kinds of things. One of the things I have been working on for the country is its history. The history is going to have big impact on our state so we're going to use all of our time that we can get, and that time has definitely increased since we've received the laptops.

Another group I'm in is a natural resource group this group is going to affect every other group for our country so this is definitely another big group that needs attention. So these computers are going to increase our time to spend on our country, which will help us because it's a big part of our grade. I also have another math learning site called Jiji. It is a very nice math website and it also has a big impact on our grade. These computers are going to help us with many things and any other projects that are going to come up. So thank you for everything; we really appreciate all of the donations. They have helped us with a lot, and I know I am going to treat them with care and respect. They are going to open up many opportunities for us, and I sincerely thank you for everything. Thank you. ☺

Dear Soboba Band of Luiseno Indian Tribe,

Thank you for donating the laptops to Hamilton school, they helped us out a lot with our class work and our research. We are creating a territory of the U.S. and these laptops help us with our research for this territory. They also help us write out our essays and other writing assignments. Also, now we don't have to walk over to the computer lab and wait for the computers to warm up.

Sincerely,

Conor Maloney

Dear Soboba Indian Tribe,

I am in 6th grade and I want to thank you for the laptops you donated to our school. We will be able to do more research without having to go to the computer lab or the library and take less time away from class. And those who don't have anything to do can go on cool math games or ST math (which is a math program on the computer) without having to go to the computer lab.

Sincerely yours

Dear Soboba Indians,

Thank you for the laptops; we really needed them. We need them for this website called Jiji (a penguin and it teaches us about math). And we have other websites for school that we can now use. We don't have that many computers so the laptops that you gave us really helped.

Thank you for the computers, they were cool.

Sincerely,

Luis Castillo

February 13, 2013

Dear Soboba Indians,

Thank you for giving us the laptops. They will be used for Liji (a math program) and other computer programs. They will also be used for extra math, research, and reward for work well done. We really needed them for many months and you have made it possible.

They are awesome and they are really cool!

Sincerely,

Miguel Bogarin

Dear Soboba band of Luiseño Indians,

Thank you for all of the laptops that you gave to the school. We will use them a lot for research. These laptops are very helpful for our school. Seeing the laptops put a smile on everyone's face. We enjoy having these laptops because now we don't have to go to the computer lab or the library for research, now we can go right to these laptops and do it.

Sincerely,

Dear Soboba Band of Luiseño Indians,

Our new laptops are amazing! We are so grateful for these laptops for Hamilton Middle School. We are so happy we have new laptops for research for projects, since we get many projects. The new laptops will be used for good purposes. We also won't have to run to the library to grab a computer before anyone else. Thank you very much and bless your hearts.

Best regards,

Dear Soboba Band of Luiseño Indians

First, thank you very much for the 28 laptops that you donated to Hamilton School. This is an efficient way to learn typing and computer skills through natural learning and they will have many other uses including research! My fellow students and I are very fascinated with them because we finally have working technology that we can use when we are not in the computer lab or in the library. We are very appreciative of your generosity! Send our best regards to your colleagues. Thank you for the laptops and our fascination with them.

Sincerely,

Emily Carey

Dear Soboba Indians,

Thank you for donating the laptops. We have used them for looking up information for our island. We are making an island of our own, this island is going to have many different plants, animals, and landforms. These laptops are perfect for this research and we love that you donated them.

Sincerely,

Paulina Galindo

Dear Soboba Indian Tribe,

I would like to thank you for the computers. The computers are much needed here at Hamilton Middle school. We are so glad that you gave us the computers. The computers are much easier to get to than waiting to go to the library or the computer lab just to do our research and our projects. Working in class is more productive. Thank you so much for the computers.

Sincerely,

Dear Soboba Band of Luiseño Indians:

Thank you very much for the laptops. It saves us a lot of time because when we are not in the library or computer lab, we still have access to computers. It allows us to have more researching time for our country we are creating in our English class. We are now moving along with our country faster. I think that they help us very much with our assignments that we need to get done in order to get a good grade in class. We all appreciate the laptops very much.

Dear Soboba Indians,

I thank you for the computers you have given our school. They will help us because our class does lots of research projects and the extra computers will give every student an opportunity to work on a laptop. The computers will help all of us with technology and writing. Thanks again, our class really appreciates the computers and we are very happy.

Sincerely,

Dear Soboba Indians,

I thank you for the computers you have donated to our school. Our class does a lot of researching and projects. Donating the computers gives more students an opportunity to use a laptop to get their work done faster and I'm sure that it'll help me and the other students get better at using technology and also get better at our writing. Once more thank you, we all very much appreciate the computers and are very excited and thankful.

Sincerely,

Dear Soboba Luiseño Indian tribe,

Thank you for the laptops. They can be used for many things in the class like making a PowerPoint for all the research we are presenting to the class for the territory we are making in Mr. Fogle's class.

The computers will also help us by not having to schedule to go to the computer lab or the library. We could just use the laptops in our classroom instead of using the computers in the computer lab or the library. They will also help us with our classwork. In math we would use them as a calculator and in reading we would use them for our writing. Anyways I am thankful you chose to give us the laptops.

Sincerely,

Dear Soboba Indian Tribe,

I thank you for the laptops you have sent us. They will be used for good purposes. They will help us immensely with all of our computer needs. What I love to look up is different types of food that we will use in the country that we are making up in our class. The country will help us learn all different kinds of things about religion and how they all think that their god is the right one. I also love finding new things out about the world. Now I can keep doing that. Everyone is so happy that we got them. We thank you with all of our respects.

Yours sincerely,

Dear Soboba Band of Luiseno Indians,

Thank you for the laptops that you donated to our school. You saved us a lot of time now we don't have to leave the classroom to do our assignments. Now we can work on our projects inside our classroom, instead of going to the computer lab and the library. We really appreciate the laptops, because they help us a lot and save us time. The laptops will help us accomplish many different tasks. Thanks again for the laptops; we love them!!

Warmest regards and lots of gratitude,

Dear Soboba tribe,

Thank you once again. I told Andrew thank you when I went to go get the Christmas gifts with Vivian Hamilton and Dolores Odum. My school really appreciates it. We're starting to use them a lot now thank you! I'm also from Soboba, Daniel Vega is my dad (R.I.P.). Thanks for the computers.

Sincerely,
Daniel Vega ♥

Dear Saboba,

Thanks so much for the laptops! :)
They really have helped us alot. Now
I can almost use a computer
everyday. I really enjoy being able to
have extra computers. Well thanks
alot!

Thank you Siboba for the very nice Computers. The Computers helped me alot with my research and they are very fast. The screen makes the pictures seem so vibrant even if it's a low quality picture. Even the sound seems so perfect. Compared to older desktop computers we have here, these are the greatest!

When I plug in my flash-drive it immediately goes to it. The videos on youtube are quicker than usual and they are amazing on full screen. There is a couple buttons that help alot. Thank you so much for these wonderful Computers!

Sincerely,
Maya
